WHO ARE WE?

“Nishi Center” is an extension of the **Los Angeles Homba Hongwanji Buddhist Temple** (aka: Nishi Hongwanji). The school is a licensed, non-profit organization established to meet the needs of the community by providing a quality child care program within an environment emphasizing the *Jodo Shinshu* Buddhist teachings.

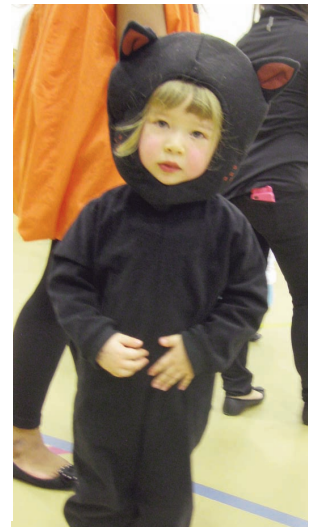

PHILOSOPHY AND PROGRAM

The family is the most important influence on a child’s total development. The preschool can assist parents in this very important task.

Young children learn best through the active learning process. Integral parts of the process include: a staff that is sensitive to the needs and capabilities of each child, and a program that enriches and reinforces children by fostering experiences in the following areas:

1. Social and emotional growth
2. Cognition
3. Large motor development
4. Small motor development
5. Music and creative expression
6. Religious and cultural awareness

Children’s play is their work. Through their exploration and manipulation of the environment comes understanding and learning. Teachers’ role is to provide a safe, stimulating environment and serve as guides. The open classroom arrangement provides the child the opportunity to make choices, meet his own needs, become independent and enhance his/her self-esteem.

ENROLLMENT

Admissions requirements:

1. Completion of enrollment application
2. Child is at least 2.9 years old.
3. Child is toilet-trained to the satisfaction of the Center.
